

Don't Think Twice

Allister

Take these promises Ie made
And hold them strong
Don think twice about those things that I did wrongCause I never do something intentionally just hurt you
And Ie stared at the sky
and Ie asked myself why youe become like an angel to meStill the days and the weeks and the hours go by
and the minutes they just fade away
And I missing you every second in time
And it hurts cause youe so far away
All tears that I cry when youe not by my side
And those nights I dream of kissing you goodnight
Are on my mind
