

Party Over

Amelia Lily

Tell me
Is the party over, over, over, yeah-ah
Is the party over, over, over, yeah-ahIt's not enough
Tell me
Is the party over, over, over, yeah-ah
Is the party over, over, over, yeah-ahSo... It's over
Wishing the stars won't fade tonight
Hold me closer
Tomorrow's another day to findI said it once
And I'll say it again
Oh you know, you know
I got a feeling that this is the end
Oh noooTell me
Is the party over, over, over, yeah-ah
Is the party over, over, over, yeah-ah
Tell me
Is the party over, over, over, yeah-ah
Are we getting colder, colder, colder, yeah-ahIf you wanna love me sometime
I'm not gonna give my love
If you're gonna give me nothing
Then maybe this love is better off lost
If you wanna love me sometime
I'm not gonna give my love
If you're gonna give me nothing
Maybe this love is better off lostSo... It's over
Wishing the stars won't fade tonight
So much stronger
But memories of you still surviveNothing lasts
Nothing lastsI said it once
And I'll say it again
Oh you know, you know
I got a feeling that this is the end
Oh noooTell me
Is the party over, over, over, yeah-ah
Is the party over, over, over, yeah-ah
Tell me
Is the party over, over, over, yeah-ah
Are we getting colder, colder, colder, yeah-ahIs it over?
Nothing lasts

Is it over?
Nothing lasts
Nothing lasts
Nothing lasts
