## In Trance 95

Waking up so late  
I 'll have a shower and shave  
So many little tastes I crave  
The day can waitThe pleasure of such things  
The treasure of manlike dreams  
Unbearable to live  
Unthinkable to kill  
A place without youWaking up late  
Black coffee and cake  
it's a terrible fate  
When nothing to waitThe pleasure of such things  
The treasure of manlike dreams  
Unbearable to live  
Unless is time to kill  
These moments without youWaking up so late  
I 'll have a shower and shave  
So many little tastes I crave  
A day to wasteThe pleasure of such things  
The treasure of manlike dreams  
Unbearable to live  
Unthinkable to kill  
A place without you
