

Never Forgive, Never Forget

Arch Enemy

You!!!
See the wolf in sheep's skin,
Waiting in the shadows, watching learning,
Too bad I did not recognize,
The timed under toe, pulling you away,
We're been infiltrated,
In fact by a lion, can't believe orchestrated. Hate spreads internal,
In this black heart of mine,
Time heals nothing, I'll never forgive.
Hate spreads internal,
In this black heart of mine,
Time heals nothing, I'll never forgive. You summoned the lies,
In a search for earth peace,
With open ears and eyes,
Could you not feel?
The timed under toe,
Pulling you down, you've been infiltrated,
In fact by a lion,
Hold to the already desecrated. Hate spreads internal,
In this black heart of mine,
Time heals nothing, I'll never forgive.
Hate spreads internal,
In this black heart of mine,
Time heals nothing,
I'll never forgive, never forget,
Never ever.
The dust has settled,
I'll watch you drown, drown,
Drown in your regret! You!!!
The timed under toe, pulling you away,
We're been infiltrated, in fact by a lion,
Can't believe orchestrated. Hate spreads internal,
In this black heart of mine, time heals nothing,
I'll never forgive.
Hate spreads internal,
In this black heart of mine, time heals nothing,
I'll never forgive,
Never forget, never ever.
