RHODES

I had a feeling you couldn't be found
I was tired of getting struck down
I never saw you coming my way
I'm so, I'm so distracted
Infatuated, and now I see you running away. Well it's all I know, it's all I know Remember the fine night there
Didn't I show I cared?
I do, oh I do
Remember the white lights there
Didn't I show I cared?
I do, oh I do And I know, your anger by the stories you told
They blacken my name
It doesn't make a difference at all
So stay, if only I could try to explain
Then we'll have it all, and might stop slipping away But it's all I know, it's all I know Remember the fine night
there
Didn't I show I cared?
I do, oh I do
Remember the white lights there
Didn't I show I cared?
I do, oh I do Wishes like a cold wind on my face
Wishes I could warm a frozen lake
Oh wishes, I'm wishing you away
This late, the light flickers off from the rain
and it stays on my heart
I wonder do you feel the same
As you did at the start? Remember the fine night there
Didn't I show I cared?
I do, oh I do
Remember the white lights there
Didn't I show I cared?
I do, oh I do Wishes like a cold wind on my face
Wishes I could warm a frozen lake
Oh wishes, I'm wishing you away
