

Hospital For Souls

Bring Me the Horizon

And then I found out how hard it is to really change
Even hell can get comfy once you've settled in
I just wanted the numb inside me to leave
No matter how fucked you get, it's always there when you come back down
The funny thing is, all I ever wanted, I already had
There's glimpses of heaven in every day
In the friends that I have, the music I make
The love that I feel, I just had to start again

The days are a death wish
A witch hunt for an exit
I am powerless
The fragile, the broken
Sit in circles and stay unspoken
We are powerless
Because we all walk alone on an empty staircase
Idle in halls and nameless faces
I am powerless

Everybody wants to go to Heaven
But nobody wants to die
I can't fear death no longer
I've died a thousand times
A wasteful universe
And we don't know our soul
Was emptiness inside our heads
But no one dares to dwell

Throw me to the flames
Watch me burn
Set my world ablaze
Watch me burn

How are we on a scale of one to ten
Could you tell me what you see
Do you wanna talk about it
How does it make you feel
Have you ever taken a blade to your wrist
Or have you been skipping meals
We're gonna try something new today

How does it make you feel

Hold me close, don't let go, watch me
Hold me close, don't let go, watch me
Hold me close, don't let go, watch me

In this hospital for souls

Hold me close, don't let go, watch me
Hold me close, don't let go, watch me
Hold me close, don't let go, watch me

In this hospital for souls

Hold me close, don't let go, watch me
Hold me close, don't let go, watch me
Hold me close, don't let go, watch me

In this hospital for souls

Hold me close, don't let go, watch me burn
Hold me close, don't let go, watch me burn
Hold me close, don't let go, watch me burn

In this hospital for souls

Hold me close, don't let go, watch me burn
Hold me close, don't let go, watch me burn
Hold me close, don't let go, watch me burn

In this hospital for souls
