

# Love and Respect (feat. Killer Mike)

## When Saints Go Machine

Love and respect for my peers, madKeep sailing  
Blind sighted lot seek cash  
Cross your legs  
Break your neck  
It's a big sun kids  
Love is the answer  
Put here to fight to liveLove and respect for my peers, madSteady drowning  
Nerve shot do what I say  
Watch your plate  
Nation of stop and please  
It's a big ocean to kill  
Love is a monsterTeach me how to rob and steal  
Peace God, there's no need for vexing  
I self lord and master my section  
360, providing my direction  
I progress no matter the election  
Extraordinary, something like a X-man  
Something like Malcolm, Michael, X-clan  
Feeling like I'm Garvey, man I'm talking X-men  
Party, I'm currently locked in a tour van  
Smoking on some head bang, listening to Saigon  
Bamboo, X-clan, Brand Nu, Grand Pu  
Ice Cube, PE, Dead Prez, Rp Jimmy  
I'm poor but I'm righteous, teach me  
Wise, intelligent, the devil is irrelevant? of benevolent, elegant, elephant  
Cruisin' through the ghetto, four doors on chrome  
I salaam alaikum to the nation, I'm gone
