Advisory - the following lyrics contain explicit language:

I know that every morning you go thumbin'  
Through the personal want ads  
You grab the latest copy, a cup of coffee  
And settle in for a good laugh I've been trying to catch your eye but  
I'm so shy, I'm hopin' and prayin' that  
Today's edition is gonna catch your attention 'Cause there's a single white female  
Looking for that special lover  
To put it in a nutshell  
A one women man who doesn't want no other Oh, you never can tell  
She just might be your dream come true  
A single white female  
Is looking for a man like you Yeah, I'm a little nervous, I'm not sure if  
I shoulda put it in writing  
It might have been a little reckless  
A little desperate but I think I did the right thing I couldn't go on living keep it hidden  
So I'm telling you everything  
It's my confession I hope you get the message There's a single white female  
Looking for that special lover  
To put it in a nutshell  
A one women man who doesn't want no other Oh, you never can tell  
She just might be your dream come true  
A single white female  
Is looking for a man like you It's my confession I hope you get the message  
That there's a single white female  
Looking for that special lover  
To put it in a nutshell  
A one women man who doesn't want no other Oh, you never can tell  
She just might be your dream come true  
A single white female  
Is looking for a man like you  
Looking for a man like you, mmmm Ooh yeah, looking for a man like you
