

Everything Changes

Little Big Town

I saw you before you saw me
Yeah, it really took me back
Can't believe how long it's been
Took you awhile to recognize me
 Oh, imagine that
When we were so close back then
 No, nothing stays the same
Love, oh it slips away, it slips away
Everything changes, doesn't it baby?
 It's amazing how time flies
 Turning the pages of yesterday
 In only the blink of an eye
Everything changes, everything changes, everything
Somewhere I still have the picture
 You were in that party dress
 I remember dancing slow
 (Hey, I remember dancing slow)
Thought those days would last forever
 How soon we forget
 And how far away they go
 No, nothing stays the same
Love, oh it fades away, it fades away
Everything changes, doesn't it baby?
 It's amazing how time flies
 Turning the pages of yesterday
 In only the blink of an eye
Everything changes, everything changes, everything
 We try to hold it in our hands
But love falls through like grains of sand
 One day it's there and then it's gone
 Gone, it's gone, gone
Everything changes, doesn't it baby?
 It's amazing how time flies
 Turning the pages of yesterday
 In only the blink of an eye
Everything changes, everything changes
Everything changes, everything changes, everything
