

# Mangos

## Herztechnik

Mangoes, papaya, chestnuts from the fire  
In my house of straw I have so much more  
Pie from the peach and I fix in the kitchen  
Each bite is just right for your appetite  
Now if you like-a the way I cook  
And if you like-a the way I look  
Then step inside my shady nook  
And you'll find mangoes and papayas, anything your heart desires  
Mangoes, papaya, chestnuts from the fire  
The food is so good, you will want to stay  
Eat up and drink up and maybe you'll think up  
The day when we say preacher man okay  
Now if you like-a the way I cook  
And if you like-a the way I look  
Then step inside my shady nook  
And you'll find mangoes and papayas, anything your heart desires  
Mangoes, papaya, chestnuts from the fire  
The food is so good, you will want to stay  
Eat up and drink up and maybe you'll think up  
The day when we say preacher man okay  
It's alright, it's alright
