Love So Cold

Fryars

Our love, so alone
don't last alone with a love so cold
I let this thing that I'm a solitude type
with less conviction when I'm lone in this plight
I hit the bars and then the clubs with the lights
I'm less and low with the woman at night
Our love, so alone
don't last alone with a love so cold
Our love, so alone
don't last alone with a love so cold
I take a walk I see the blickers to sights
I see the man who built the future for life
a woman braces only hold into child
who cares for futures when the future's tonight
Our love, so alone
don't last alone with a love so cold
Our love, so alone
don't last alone with a love so cold
I just wanna stand alone
and I won't be done with a love so cold
I just wanna stand alone
and I won't be done with a love so cold
Our love, so alone
don't last alone with a love so cold
Our love, so alone
don't last alone with a love so cold
Our love, so alone
don't last alone with a love so cold
Our love, so alone
don't last alone with a love so cold
