

# You'll Always Be the One I Love

Dean Martin

(You'll always be the one I love  
You'll always be the one I love)  
Every hour every day every year  
You'll always be the one I love  
Through each smile through each sigh through each tear  
My heart will feel the same old glow  
Even though the stars may fade from above  
Well I promise there will be no other arms for me  
You'll always be the one I love (You'll always be the one I love  
You'll always be the one I love) My heart will feel the same old glow  
Even though the stars may fade from above  
I promise there will be no other arms for me  
You'll always be the one I love  
You'll always be the one I love
