

On Demand

Keyshia Cole, Wale & August Alsina

Uh huh, how you like it boy
Tell me
(It's like havin' that come back)
Yeah
(I just want you to know that
I fuck around, do what I do but
You got that on demand
I think we'll call this one on demand
It's word Keyshia)
Anywhere
I don't talk much, I don't fantasize or bring thoughts up
See, see it's on us, if it wasn't for time then I would not rush
We could [?] a cigar and beat the block up (roll up)
Makin' love run, make a heart bust
Say my words remind her of a harpoon
Her curves remind me of Starbucks
I get up for it, put it down on it
I done found an anomaly
Can tell that we about to beat
Come and climb the mountain until you finally
4 am, club done, dress down, fucked up
Text message sayin' "What's up?"
I know what's up, tryna fuck
I feel the love I want don't exist
But yet I'm still missin' you
Can't help but think about, what I really wanna do, to you
(Want it)
But I can't help, I protect my heart
(Want it)
Cause you make me, want it
(Want it)
On the bed, on the floor, on the table baby I got it
(I got it, whenever you want it)
Whenever you
(Say my name and I'll give you this lovin')
Whenever you
(Break your body from sun down to morning)
Ever you
(Do whatever you like, how you want it girl)

Anywhere, you be the girl at, I be the man at
You can have what you want, I'm on demand for you)
Right on demand So give me all your lovin' boy
Cause you do it right
When you want it, you know that it's nothing
I wanna give it to you, anywhere you want it
Anywhere you want it
Anywhere
(Want it) Ain't nothin' better than them after party episodes
Man I kill that thing, so chill when I'm done better check her pulse
I perfect that stroke, so in turn can protect your heart
Lovely, both sides works all
So we yearn for the lust right now
1 o'clock 2 o'clock 3 o'clock yep
Got her like an untreated Vietnam vet
Give me your frame, I'll make you my pic
Give me your skin I'll give you my vest
Yes, I give you my word
Come close I give you that thorough
Make her share it with some other girls
But any time, anywhere know it's all yours I got it
(I got it, whenever you want it)
Whenever you
(Say my name and I'll give you this lovin')
Whenever you
(Break your body from sun down to morning)
Ever you
(Do whatever you like, how you want it girl
Anywhere, you be the girl at, I be the man at
You can have what you want, I'm on demand for you)
Right on demand
