Feel Us Shaking

The Samples

gentle thoughts meander through the sand
as the ship-made currents reach the land
the omniscient sun paving through the sky
and when it's done all the seabirds fly

I'd like to stay but I couldn't stay with you
I have to go, but I have a lot I want to do
pleasures be waiting by the sea
with a smile for all the world to see

diamond waves through sunglass days go by
so beautiful to be here and alive
though I've built sometimes so hard did I survive?
feel us shaking

beneath the sea another world exists
it's tugging me by the ankles and my wrists
the morning wind come and pull me away
out to where the dolphins play

diamond waves through sunglass days go by
so beautiful to be here and alive
though I've built sometimes so hard did I survive?
feel us shaking

pleasures be waiting by the sea
with a smile for all the world to see
