Break This

Elektrik People

I see the world, no techni-color
But I suppose, I better keep my head up
All truth exposed
I've been thinking, drinking, If I must admit
And to the haters, spectators, talking shitKeep your chicks close Electrik People know na-ah, oh-oh
Y' all can't break this
Keep your chicks close as sexy as they go, ah-ah, oh-oh
Y' all can't break this
Keep your chicks close as sexy as they go, oh oh
Y' all can't break thisGet lost, get loud, get paid, give hope away
I thought I made myself a burden tried to fly away
But the foolish notion y'all can break this
Watch your back, click clackKeep your chicks close Electrik People know na-ah, oh-oh
Y' all can't break this
Keep your chicks close as sexy as they go, na-ah, oh-oh
Y' all can't break this
Y' all can't break this
Keep your chicks close as sexy as they go, oh oh
Y' all can't break this
Y' all can't break thisKeep your chicks close Electrik People know na-ah, oh-oh
Y' all can't break this
Keep your chicks close Electrik People know na-ah, oh-ohKeep your chicks close as sexy as they go, oh oh
Y' all can't break this
Y' all can't break this
Y' all can't break this
