## Lenka

Here is the lock, here is the key  
Open it up, set yourself free  
Free, free, free  
Movin' along, singing the song  
Fly like a bird, elaborate me  
Me, me, me Say goodbye to yesterday  
Let go of every way  
I held myself thunder Cause I'm free, I'm free, free, free  
And all I see, is the opened road in front of me  
Yeah I'm free, I'm free, free, free  
I want to be, the happiest that I could be Uh, uh uh uh uh uh uh uh uh uh  
(Here is the lock, here is the key)  
Uh, uh uh uh uh uh uh uh uh Life is a game I'm hoping to play  
Moving the pieces everyday  
Hey! Hey! Hey!  
Take out the chances, throw them away  
Nothing's gonna get in my way  
Hey! Hey! Hey! Say goodbye to yesterday  
Let go of every way  
I held myself thunder Cause I'm free, I'm free, free, free  
And all I see, is the opened road in front of me  
Yeah I'm free, I'm free, free, free  
And I want to be, the happiest that I could be One two, it's time for you  
Three four, to open the door  
Five six, for havin' sing  
Seven eight, don't be late Uh, uh uh uh uh uh uh uh uh Cause I'm free, I'm free, free, free (Here is the lock,  
here is the key)  
And all I see, is the opened road in front of me  
Yeah I'm free, I'm free, free, free (Here is the lock, here is the key)  
And I want to be, the happiest that I could be And I want to be, the happiest that I would be...  
Yeah I'm free, I'm free, free, free  
I want to be, the happiest that I would be  
Yeah I'm free, I'm free, free, free Here is the lock, here is the key  
Open it up, set ourselves free  
Free, free, free Here is the lock, here is the key  
Open it up, set yourself free  
Free, free, free Here is the lock, here is the key  
Open it up, set yourself free  
Free, free, free
