

# If You Need Me

Julia Michaels

I wish I could fix it, I wish I knew what to say  
But everything feels like a lie these days  
Don't know how not to feel that way, oh-oh They're reaching for reasons, "It's all gonna be OK"  
But everyone feels like a liar these days  
Don't know how not to feel that way, mmm But if you need me, I'll be right there  
When you're dreaming all your nightmares  
I'll come tackle the monsters  
I'll find where they hide in the nighttime  
If you need me, I'll be right there  
When you're happy and when you're scared  
I can still be your shoulder  
I'll be by your side, even if I'm not next to you  
Have we spent too much time on what we used to be?  
Am I making up details in the memories?  
Have I got too caught up on the you and me thing?  
Well, I'm hoping not, 'cause I loved all we got  
Outta sight, don't mean out of mind  
Not in your space, but you're still in mine  
Hope you don't think I can leave you like that  
Oh-oh-oh-oh-oh, oh-oh-oh-oh-oh But if you need me, I'll be right there  
When you're dreaming all your nightmares  
I'll come tackle the monsters  
I'll find where they hide in the nighttime  
If you need me, I'll be right there  
When you're happy and when you're scared  
I can still be your shoulder  
I'll be by your side, even if I'm not next to you  
To you (All I have is you)  
I'll be by your side, even if I'm not next to you  
Well, time is friends with distance  
But they ain't no friends of ours  
And that's fine, because  
Well, time is friends with distance  
But they ain't no friends of ours  
And that's fine, because If you need me, I'll be right there  
When you're dreaming all your nightmares  
I'll come tackle the monsters  
I'll find where they hide in the nighttime If you need me, I'll be right there  
When you're happy and when you're scared

I can still be your shoulder  
I'll be by your side, even if I'm not next to you  
To you (All I have you)  
I'll be by your side, even if I'm not next to you, ooh, yeah, yeah  
I'll be by your side, even if I'm not next to you
