

Overnight Male

[George Strait](#)

Let me be your male-man and I'll always come though
And there's no denying' come rain or shine I'll deliver my love to you
I do things by the letter you can put your stamp on me
'Cause there ain't nobody better for a special delivery Like the pony express and the wild wild west I'll ride hard
all night long
And I can saddle up fast get ya there first class long before the dawn
You know your male's gonna get to you come snow, rain, sleet or hail
'Cause I'm a top flight, hold ya tight get ya there by daylight
Do you write overnight mail? I know your heart is fragile so I'll handle it with care
There ain't no doubt I know love's route so baby let me take you there
I'll bring you cards and flowers but I know just what you need
And just give me 24 hours satisfaction guaranteed Like the pony express and the wild wild west I'll ride hard all
night long
And I can saddle up fast get ya there first class long before the dawn
You know your male's gonna get to you come snow, rain, sleet or hail
'Cause I'm a top flight, hold ya tight get ya there by daylight
Do you write overnight mail
