

# Family Life

[Adam Harvey](#)

Two sugars in my coffee cup  
Make it strong make it wake me up  
Put my boots on in the dark  
While I'm hoping that my car will startWorking ten hours a day  
Another stack of bills to pay  
The job don't bother me no more  
There's three reasons  
That I'm working forFamily Life  
Mortgage, two kids  
And a beautiful wife  
We ain't got much  
But we're good at getting by  
And you're looking  
At a man who's proud  
Yeah you're looking at a man  
Who's found where he wants to be  
Where he's meant to be  
Family life is alright with meCooking bacon on a Sunday morn  
Grab a beer and then I mow the lawn  
Kids jumping on the trampoline  
My woman in her old blue jeans
