

One Celled Creature

[Nofx](#)

[Melvin]

Life on a mattress in a room-
in a room full of emptiness[Fat Mike]

Knowledge has much better uses
than self-pity and superiority[Melvin]

Maybe you are or could be the next
Hoffman, Mahatma, or Chomsky,

But no one will ever know.

The sum of your parts
are not gonna change any hearts,
not with hate in your eyes.[Fat Mike]

In order to lead by example
you have to show a path to a better world,
not a cell
