

Fun to Be Had

Nitzer Ebb

Two and one, making three
Intertwined like the links that make a chain
Round the anchor, round a ship
Round the bottom of the seaRound the world, you and me
Back again and then it's us
With a lot in a hand making one
Then making us to be moreTo be sure that what is here is here for you
Here for me on and on
Into the night, into the day
Into the years that are to comeBefore you know that I know
It's on and on, and on, and on
You and me, you and us
To know and love and love again on and on, on and onThe tiny thing that make us live
Through the day, through the night
Through a week or through our livesHand in hand, don't get up
Just sit and watch to wonder why
Is that a girl? Is that a boy?
Can't think a life can go so farOn and on, on and on
To know and love, and love again
On and on, on and onTwo and one, making three
Like a chain, an anchor
And the bed of the seaBeing close is where to be
We're two minds, two bodies
And the rest you don't seeYou've got to see what we've got to see
You've got to find what we've got to find
What you see is what you get
What you say should be from your own mindTiny things make us live
Through a day, through a night
A week, we've got time to forgive
And live how we want to liveYou've got to see what we've got to see
You've got to find what we've got to find
What's right, what's free, what's you, what's me?
This life to live wastes time and you don't forgiveWhether you be glad, sad or bad
Whether you be glad, sad or bad
You've got to know that there's fun to be had
You've got to know that there's fun to be hadForget all that you're told
You are young, they are old
Control is all they've got to give
Just live how you want to live

Tiny things that make us live
Two and one, making three
Like a chain, an anchor
And the bed of the sea
Being close is where to be
We're two minds, two bodies
And the rest you don't see
You've got to see what we've got to see
You've got to find what we've got to find
What you see is what you get
What you think should be from your own mind
What's right, what's true, just think for you
Whether you be glad, sad or bad
Whether you be glad, sad or bad
You've got to know that there's fun to be had
You've got to know that there's fun to be had
Whether you be glad, sad, or bad
Whether you be glad, sad, or bad
You've got to know that there's fun to be had
You've got to know that there's fun to be had
Whether you be glad, sad or bad
Whether you be glad, sad or bad
You've got to know that there's fun to be had
You've got to know that there's fun to be had
Whether you be glad, sad or bad
Whether you be glad, sad or bad
You've got to know that there's fun to be had
You've got to know that there's fun to be had
