

# Follow

## Mercy Drive

Why the hell can't I see?  
"Will you just go away?"  
I guess it takes some time  
To get this off my mind I need some time alone  
Some time to call my own  
It's fucked up, how I'm locked up  
With you I can't go on How do I get out? Cause I hate the way you follow  
If they say you would swallow  
And I can't stand to be around you Friends say better things  
Better things will come my way  
And I've got one shot  
To give it all I've got I've got to find a way Cause I hate the way you follow  
If they say you would swallow  
And I can't stand to be around you You think you know it all  
You know nothing at all (repeat 2x) You're nothing No nothing I don't wanna be a nothing.  
You're Nothing, You're nothing I don't wanna be a nothing like you I hate the way you follow  
If they say you would swallow  
And I can't stand to be around you
