

# See A Little Light

## Belinda

Stay alone in my room  
Every moment passing too soon  
Watch the candles burn into the nightFall into a dream  
Wake up and every things the same  
A second older but alone just like a childIf you just give me a sign  
To live and not to dieThen I could see a little light  
I could find some piece of mind  
I dont know where you are  
Maybe near or maybe far  
I just need a little lightHear a clock ticking  
On a life that could have meaning  
If I could find the love light in your eyesSee a million people  
Everyones so lonely  
But we dont have to be alone tonightThen I could see a little light  
I could find some piece of mind  
I dont know where you are  
Maybe near or maybe far  
I just need a little lightIf I could see a little light  
If I could find some piece of mind  
If you just give me a signI could see a little light  
I don't know where you are  
Maybe near or maybe far  
I could see a little light  
If I could see a little light  
I could see a littleStay alone in my room  
Every moment passing too soon  
Watch the candles burn into the night
