

Pinball Map

In Flames

As I aim for that bright white day
Conflict serum is my aura
It seems that life's so fragile
I guess I'll fly some other time I lack from superhighway thoughts
Won't live as long as the city lights
Soaked by underwater times
Electric splash on a midnight drive Wish I could rape the day,
Just something radical
Lost the sense of sweet things
Who's gonna take me widely? Guided by the pinball map
The driver, still unknown to me
Who was sent to glorify?
Before we injected this common pride Sometimes I don't belong
Release me from your world
Pacified by the small things in life
I wait for earthquakes to rearrange Never been able to use the force
I only have it read to me
Despite all the misguided faith
(Maybe) I'll find a place in this mess Early morning moments
A glimpse of joy
But soon it's over and I return to dust
As I try to be
Everything and everyone
I waste away
