## BEDlight for blueEYES

Say what you want to say  
Don't think ahead or worry about the cost  
Do what you want to do  
Everything is fine if you got it in your heart I don't care about  
Care what these people say  
I don't care about  
Care what your mother say No matter how many miles  
Or many days away  
It's you, just you alone  
It's you that I call home Cause I won't be the one to fall  
Won't be the one to crawl this time, yeah  
I will hold you in my heart  
Won't be the one to fall this time, yeah What are you worried bout baby  
What you got is what you make it  
Don't worry bout the things they say love  
Don't worry about the games they play cause  
You are a queen inside  
Every part of you is what keeps me alive  
Flowing from you to me I don't care about  
Care what these people say  
I don't care about  
Care what your mother say Cause I won't be the one to fall  
Won't be the one to crawl this time, yeah  
I will hold you in my heart  
Won't be the one to fall this time, yeah What she gives  
She can take away, take away If you open up your heart  
There will be a part of you  
That will never go away  
I believe, if you open up your mind  
There will be a time for you to up and fly away  
Up and fly away I will hold you in my heart  
Won't be the one to crawl this time, yeah  
I will hold you in my heart  
Won't be the one to fall this time Little girl with the big old dreams  
She's got a big heart and she'll never scream  
She said everything's gonna be alright, yeah  
Little girl with a big old heart  
She said never stop love, never stop  
Everything's gonna be alright

I won't let you down tonight
