Corporations

People Corrupting People

Corporations!
What do they do?
Theyâ€™ll make a fool of you!

I think of all the things I canâ€™t do
Because corporations are people too
I think of all the things I canâ€™t say
Because someoneâ€™s always right there watching me
Lives so far from our own, our futures bought and sold
Running out the clock and doing everything youâ€™re told
Take a look at yourself for me
Can you tell me that youâ€™re really free?

Blank stares, fake grins
Itâ€™s all too human

Corporations!
What do they do?
They feed your family, fool!
Corporations!
What do they need?
Your life consumed by greed!
We corporate pigs are always well fed
Enjoy the dirt while weâ€™ll be sleeping in your bed
Corporations are people too
Theyâ€™ll make a fool of you

I think of all the lives gone un-lived
Cause someone would rather take all than to give
I think of all the thoughts demonized
Just because they want you super sized
Check your bank account, fill it up with doubt
APR you ready to blow your brains out?
Can you really tell me thatâ€™s what life is all about?
Take a look in the mirror for me
Donâ€™t you see all the apathy?

Dull and Boring
Stock prices soaring

Corporations!
What do they do?
They feed your family, fool!
Corporations!
What do they need?
Your life consumed by greed!
We corporate pigs are always well fed
Enjoy the dirt while weâ€™ll be sleeping in your bed
Corporations are people too
Theyâ€™ll make a fool of you

All people are equal (x4)
Some just more equal than others

Corporations!
What do they do?
They feed your family, fool!
Corporations!
What do they need?
Your life consumed by greed!
We corporate pigs are always well fed
Enjoy the dirt weâ€™ll still be fucking with your head
Corporations what do they do?
Theyâ€™ll make a fool of you
