

Prizefighter (Live 2010)

Eels

Well, if you need me I'm right here
No matter what I'm always near
Yeah, I've been through a lot and you can't scare me
Now go on baby if you just dare me I'll break through any wall, just give me a call
I'm a dynamiter, I'm a prizefighter Well, if you get sad I'm your friend
I've got an ear I'll always lend
You know that you can always talk to me
Now come on baby take a walk with me Tell me all, tell daddy all, just give me a call
I'm a go all nighter, I'm a prizefighter Well, when you're down and all alone
There's always somewhere you can go
Here I am, a true friend
There's nothing gonna change over here on my end Don't be scared, it's better shared
You know I'll always care
I'm an everything's all righter, I'm a prizefighter Well, if you need me I'm right here
No matter what I'm always near
Yeah, I been through a lot and you can't scare me
Now come on baby, if you just dare me
I'll win your heart, now let it start, let it start I'm a don't do it wrong, do it righter
I'm a prizefighter, I'm a prizefighter, I'm a prizefighter
