

# Crush Me

## Eyeshine

Calloused hypocrites you've all become  
Set me up for something I've never done

I can tell you what your missing  
But I know you'll never listen

Crush me down  
Don't give it up  
Don't give it up no  
Won't you sell me out

Make a list  
Of words you like to use  
Stack them up  
I'm ready for abuse

Hit me harder  
'Cause I don't care

Crush me down  
Don't give it up  
Don't give it up no  
Won't you sell me out

I started from the inside working out  
You're mocking me, mocking me  
Nothing can save you  
From crashing to the ground  
You're mocking me, mocking me

Crush me down  
Don't give it up  
Don't give it up no  
Won't you sell me out

Crush (come on X3) me (come on X3) down (come on X6)  
(Come on, come on, come on)  
Won't you sell (come on X3) me (come on X3) out (come on X6)
