

# Big City Nights

## Kevin DuBrow (Quiet Riot)

When the daylight is falling down into the night  
And the sharks try to cut a big piece out of life  
And it feels all right to go out to catch an outrageous thrill  
But it's more like spinning wheels of fortune, which never stand still  
Big city, big city nights  
Big city, big city nights  
When the sunlight is rising up in my eyes  
And the long night has left me back at somebody's side  
And it feels all right for a long sweet minute like hours before  
But it's more like looking out for something, can't find anymore  
Big city, big city nights  
Big city, big city nights  
Big city, big city nights  
Big city, big city nights  
There is no dream that you can't make true if you're looking for love  
But there's no girl's burning the ice away from my heart, maybe tonight  
Big city, big city nights  
Big city, big city nights  
Big city, big city nights  
Big city, big city nights  
Big city, big city nights  
You keep me burning  
Big city, big city nights  
I always yearning  
Big city, big city nights  
You keep me burning
