Drive

Dispatch

Daddy I want to fly today
Mama I hear what you're sayin'
I wanna get up and go
hey I wanna drive
wanna find some time
I wanna feel alive and get inside
hey I wanna drive
I'm alright if you're alright
tell me what to think
I'm alright if you're alright
flyin'
it's been years since we've been

show me what you're seein'
I wanna feel alive wanna take this
dive
hey I wanna drive
I'm alright if you're alright
hey I wanna drive
I'm alright if you're alright
hey I wanna drive
hey I wanna drive
you're alrightI'm alright if you're alright
I'm alright if you're alright
