

# Lucky 4 You (Tonight I'm Just Me)

## SHeDAISY

Lucky 4 you, 4 you  
Lucky 4 you You always say that I have multiple personalities  
I bounce around somewhere between my dreams and reality  
So where'd you dig up the audacity to ask me  
How we've all been doin' since you broke our hearts  
(Well so far) Number 5 just cries a river a minute  
7 wants to tie you up and drown you in it  
Yeah, 14 just wants to say so long, bygones  
32 wants to do things to you that'll make you blush  
10 will key the el camino that you love so much  
And there ain't nobody wants to mess with 23  
Ohh, lucky 4 you tonight I'm just me I guess this party's more than your new Barbie bargained for  
She's got you by the sleeve, slowly easin' towards the door  
She's probably right, you should be movin' on, don't know how long  
We can behave better have the valet get your car  
(Cause you know how women are) Number 5 just cries a river a minute  
7 wants to tie you up and drown you in it  
Yeah, 14 just wants to say so long, bygones  
32 wants to do things to you that'll make you blush  
10 will key the el Camino that you love so much  
And there ain't nobody wants to mess with 23  
Ohh, lucky 4 you tonight I'm just me  
Yeah It's just me Forgiveness is the key  
According to my shrink  
But it's not just up to me  
(I don't know girls, what do you think?) Number 5 just cries a river a minute  
7 wants to tie you up and drown you in it  
Yeah, 14 just wants to say so long, bygones  
32 wants to do things to you that'll make you blush  
10 will key the el Camino that you love so much  
And there ain't nobody wants to mess with 23  
Ohh, lucky 4 you tonight I'm just me Number 5 just cries a river a minute  
7 wants to tie you up and drown you in it  
Yeah, 14 just wants to say so long, bygones  
32 wants to do things to you that'll make you blush  
10 will key the el Camino that you love so much  
And there ain't nobody wants to mess with 23  
Ohh, lucky 4 you tonight I'm just me Number 5 just cries a river a minute  
Lucky 4 you, 4 you

7 wants to tie you up and drown you in it

Lucky 4 you, 4 you

Tonight, tonight I'm just me

Lucky 4 you

Hey It's just me
