

# Six Pack Girls

[Nofx](#)

Gonna find some girls tonight  
My Friday night has washed away  
Beer bong has me wandering around  
The girls that look like drugs and alcohol  
Six pack girls  
Six pack girls  
Six pack girls  
Six pack  
So you pick her up and you bring her home  
And you think about it for a while  
Wake up the next morning and sure enough  
It's not two girls  
Six pack girls  
Six pack girls  
Six pack girls  
Six pack
