## Danger Twins

Come on let's get this thing rolling rolling  
Up to the top is where we're I'm going going  
Aint holding back  
Aint gonna crack  
Under the pressure gonna show it show it (ha)

Throw down the rent cuz we own it own it  
We gonna step into the moment moment  
Teeth like animal  
Hot cuz we flammable  
Mechanical we dropping into gear

Coming in like a champion  
Burning like legends  
Heart pounding deep  
Got moves you've never seen  
Crack them knuckles  
We're ready for the hustle  
Blow that whistle  
Coming in like a champion ( we were born to win)  
Can't you feel the blood flowin flown  
You can't it stop it cause we chosen chosen  
Roaring lion  
Soaring yea we flying  
Live it like we're dying

Coming in like a champion  
Burning like legends  
Heart pounding deep  
Got moves you've never seen  
Crack them knuckles  
We're ready for the hustle  
Blow that whistle  
Coming in like a champion
