

I Could Make You Care

Frank Sinatra & Tommy Dorsey Orchestra

I could make you care if only you'd let me, I
could make you care, you'd never forget me, I
can't resist, I'd be a fool to try, I know if once
we kissed, I could kiss my heart goodbye. I knew
this was love the moment I found you, So I planned
my life, it's built all around you, Give me this
chance, darling if you only would, I could make
you care, I know I could.
