

# Sunshine on My Back

## The National

Tina lies on the ground  
She lies there forever  
She likes the sun  
Tina knows the devil Tina loves the violence  
Of living in the country  
She likes that it's so far from me Tina has her story down  
I really thought I knew it  
And it changed around  
When I was almost through it Sunshine on my back is  
The only kind I like  
Sunshine in my brain is  
Sunshine in my brain is the lonely kind of pain  
It's the sunshine of a lonely mind (?) She says "After today there is nothing (?) you owe me"  
And I'm so glad that you came, I needed someone who loves me  
But just don't try to talk yourself into this love  
And sleep like a baby while I'm staying home  
It's as much what you say, as it is what you do  
You can't try to stay you either will or you won't Sunshine on my back is  
The only kind I like  
Sunshine in my brain is  
Sunshine in my brain is the lonely kind of pain  
It's the sunshine of a lonely mind (?)
