Mean Girls

Rachel Crow

Do you ever go to lunch with no one by your side
'Cause the moment you arrive they all leave the table
Callin' me everything but my name
Need I remind you again just call me Rachel
How would you feel if you runnin' home cryin'
Lock yourself in your room
Don't want anyone to see ya
While everyone's havin' fun outside
And you're tellin' yourself

I won't let it get to me no more
I don't wanna feel this way
I can't believe I let it go so far
No no it's not okay
What do you know about me
Do you wanna know what I think
Mean girls mean girls
Imma just comb you outta my curls
Mean girls mean girls
You no longer run my world
Mean girls, mean girls
Imma just comb you outta my curls

How would you feel everytime you go to school
Someone's looking at you weird callin' you a loser
All these girls wearing bubble gum pink
Guess I didn't get the memo
Cause they're laughin' at my blue shirt
Well I hope you feeling good about
You treating someone you know like a perfect stranger
'Cause it's easier than standin' by my side

oh oh ooh

I won't let it get to me no more
I don't wanna feel this way
I can't believe I let it go so far
No no it's not okay
What do you know about me
Do you wanna know what I think

Mean girls mean girls
Imma just comb you outta my curls
Mean girls mean girls
You no longer run my world

Who do you think you are
Loud mouth cafeteria star
Maybe somebody was cruel to you
So you think that's what you're supposed to do
One day it might be you
When you need a friend
But you no longer cool
When everyone leaves when you walk in the room
I just hope they forgive you

I won't let it get to me no more
I don't wanna feel this way
I can't believe I let it go so far
No no it's not okay
What do you know about me
Do you wanna know what I think
Mean girls mean girls
Imma just comb you outta my curls
Mean girls mean girls
You no longer run my world
Mean girls mean girls
Imma just comb you outta my curls

Mean girls mean girls
You no longer run my world
