Red Oyster Cult

Guster

Doesn't it bring you down so many lights and sounds
Call your mom on the telephone tell her you're coming home
Tell her there's not a chance, you're ever going to change the world
If you want to be free, take a sip of this tea
Join the red oyster cult
If you drink the whole cup, you will never grow up
You will never grow old
Remember when you were 14, you'd paint every picture so green
Call your mom on the telephone tell her your muse is gone
Tell her there's not a chance, you're ever going to change the world
Just a few drops away, you're never wanna change the world
If you want to be free, take a sip of this tea
Join the red oyster cult
If you drink the whole cup, you will never grow up
You will never grow old
Call your mom on the telephone, tell her you're coming home
Tell her there's not a chance you're ever going to change the world
Just a few drops away you'll never have to change
