

Down the Road a Piece

Chuck Berry

Now if you wanna hear some boogie like I'm gonna play
It's just an old piano and a knockout bass
The drummer man's a cat they call Kickin' McCoy
I know you remember that rubber-legged boy
Mama's cookin' chicken fried and bacon grease
Come on along boys, it's just down the road apiece
Now there's a place you really get your kicks
It's open every night from about twelve to six
And if you wanna get some boogie you can get your fill
And shove and sting to you like an old steam drill
Come on along you can lose your lead
Down the road, down the road, down the road apiece
There's a place you really get your kicks
It's open every night from about twelve to six
Now if you wanna hear some boogie you can get your fill
And shove and sting to you like an old steam drill
Come on along you can lose your lead
Down the road, down the road, down the road apiece
