

Top of the World

Robin Thicke

Yeah, Robin Thicke
You know how it goes Come on come on
Now you feeling like a pimp,
You got everything you want, no wonder
Come on come on
'Cause you never gave up,
Now you singing that song all summer
I'm on top of the world, on top of the world
I'm on top of the world, on top of the world
I'm on top of the world, on top of the world
I'm on top of the world, top of the world She was a little girl picked on in school
Yeah she had funny teeth
All the kids called her tooth head
Years later when her moms got sick,
She did everything she could, but mama wasn't rich
She didn't stop, worked ten different jobs yeah
That put her through community college
Waitress, retail, hot dog on a stick
Telling herself that it won't end like this
Now she the boss, she the boss, she the boss
You see her riding up, yeah you know what it cost
Now she the one with the smile on her face
'Cause no one gave it to her, she earned that feeling Come on come on
Now you feeling like a pimp,
You got everything you want, no wonder
Come on come on
'Cause you never gave up,
Now you singing that song all summer
I'm on top of the world, on top of the world
I'm on top of the world, on top of the world
I'm on top of the world, on top of the world
I'm on top of the world, top of the world Now she wanna find love, and she can
Somebody who can hold umbrellas in the rain
But she's a little hardcore with the pros,
Could be goodbye goodbye before it's hello hello
Before you say a word, better have a breathe
Sitting with mine, if you have it ooh
I'm a sometime, but she's a lifestyle
I got a big hammer, but baby's a hard rock Come on come on

Now you feeling like a pimp,
You got everything you want, no wonder
Come on come on
'Cause you never gave up,
Now you singing that song all summer
I'm on top of the world, on top of the world
I'm on top of the world, on top of the world
I'm on top of the world, on top of the world
I'm on top of the world, top of the world (Baby) on top of it, (Baby) on top of it,
(Baby) she's on top of it, (Baby) on top of it Yeah sometimes that's just how it goes
Now she well paid first class top grade
Go to sleep by herself only with the front page
Dreaming of the one thing she ain't got yet
That's somebody to hold when the sun sets
She start taking them pills just to feel good,
It's hard enough to be what she once was, keep it real
But she remembers how tough it was to get her
She can't be so hard on herself, yeah You need a good time baby girl let it go
You need a good time baby girl let it go
You still so young, good times, let it go
You still so young, good times, let it go Come on come on
Now you feeling like a pimp,
You got everything you want, no wonder
Come on come on
'Cause you never gave up,
Now you singing that song all summer
I'm on top of the world, on top of the world
I'm on top of the world, on top of the world
I'm on top of the world, on top of the world
I'm on top of the world, top of the world
