Freddie Gibbs

[Verse 1:]

My dope house, my dope house, yeah, trappin' out my dope house  
Eat, sleep in the dope house, quarter key worth of dope now  
Chillin' in my dope house, my dope house  
N\*ggas stickin' up the dope house  
None this sh\*t in my dope house  
Porsche stained when I roll out  
I show 'em love but I love my money even more  
Disrespect, don't pay me? You gots to go  
(?) ship in them loads  
Disrespect and play me? You gots to go  
(?) faith in my n\*ggas, Diego that's my n\*gga  
And we kill for him and if a n\*gga try to kill him and I'mma die with him  
Cause Freddie keep a .45 with him  
ARs in the back and 9s with me  
From the dudes like a 3 or 4 (?)  
Clean out the shoes (?) this[Hook:]  
Those fufu boys? We air 'em, coroner's gone stretch 'em out  
Popo and detectives gone be worryin' bout my whereabouts  
Those fufu boys? We air 'em, coroner's gone stretch 'em out  
Popo and detectives gone be worryin' bout my whereabouts  
Don't f\*ck with me, stay in your lane  
Thug everyday and never change, man  
And if I see another day  
I wake back up and do the same thing  
Don't f\*ck with me, stay in your lane  
Thug everyday and never change, man  
And if I see another day  
I wake back up and do the same thang[Verse 2:]  
My dope house, my dope house  
Straight bl\*w at the dope house  
Popo at the dope house, snitch n\*gga must have told about it  
Down for a kidnap, for a kidnap  
Real n\*gga, we done did that  
At the crib with your motherf\*ckin' mama  
And your kids, know where everybody did that  
Everybody keep quiet  
Everybody on the floor  
Everbody gone see

B\*tch I'm from the east side  
Where everybody sell dope and everybody got heat  
(?) motherf\*ckers (?) all day  
Hundred murders in a week  
Boys got (?) in the project hallway  
Ain't nobody gone speak  
N\*ggas mommas gonna weep  
I put your face on a sh\*rt and get out of town  
(?) weed and a worry and I rolled it down  
That Ruger hide on my head and (?) got 30 rounds  
I keep my hand on a chopper n\*gga
