

Bring It Back

White Trash Cowboys

From the begining of time, To this present day rhyme
There's been an awful lot of weed, wild women, and wine
No matter where you come from, No matter the town
Everybody keeps looking for that Rock and Roll Sound
We like to move to the rhythm and feel it in our souls
If you can't sing along then it aint Rock and Roll
There's been a many of bands try, many of bands lack
pride in their stride, but we're here to bring it back

CHORUS:

It's as good as gold I don't need to be told
The everlasting power of Rock and Roll
Were gonna bring it back!
You can ride the high when you come to our show
there's pride in our stride and our Rock and Roll
Were gonna bring it back!!

Pay attention to my new sound its gonna change the world
this ocean has a motion making you want more
We got the guys all freaking, the girls all reaking
from a stinch only found in a Puerto Rican porn store
Let it be known we're the band that can rock
Loud guitars , power chords, and a singer that won't stop
Get in line if you're one of our kind
I will show you how this band will stand the test of time.

It's as good as gold I don't need to be told
The everlasting power of Rock and Roll
Were gonna bring it back!
You can ride the high when you come to our show
there's pride in our stride and our Rock and Roll
Were gonna bring it back!!

I'm sick and tired of hearing all these songs about death
I aint depressed, repressed, and I don't mind rough Sex
I live on the edge of a forty story ledge
I'm a heart beat away from my very last breath
K K K Keep us in mind when you're staring at the sun
the funky WhiteTrash Cowboys are here for everyone
Paying our dues while we hit it in the back

Never wrong, Killer songs, and we're here to Bring it Back!!

It's as good as gold I don't need to be told

The everlasting power of Rock and Roll

Were gonna bring it back!

You can ride the high when you come to our show

there's pride in our stride and our Rock and Roll

Were gonna bring it back!!

It's as good as gold I don't need to be told

The everlasting power of Rock and Roll

Were gonna bring it back!

You can ride the high when you come to our show

there's pride in our stride and our Rock and Roll

Were gonna bring it back!!
