Can U Handle It?

Usher

What's up baby? I'm so glad I got you here
I'm so in love with you and I don't ever wanna lose you
I wanna take this to the next level, I hope you're ready
Now that you're here I got somethin' to say, baby
I think that you should know, you're givin' the most, sugar
So don't worry 'bout the situation, I'd never let you go
Can you handle it, if I go there baby with you?
I can handle it, I can go there baby with you
Oh, I hear you talkin' babe
Can you handle it, can I go there baby with you?
We gon' set it off, we gon' tear it up
Baby can you handle?
Woo, baby, you say all the time you only want the best of my love
Now I can see that there's only one way to tear it up, yeah
I'm willing to tell you everything I let stand between us
But what if I tell you too much?
What about you babe? Will you tell me all the freaky things you are?
Before I do, need you to know if we make it through our love will grow
Oh, ho, ho imagine how amazing things would be
Can you handle it, can I go there baby with you?
We gon' set it off, we gon' tear it up
Baby can you handle?
I can handle it, I can go there baby with you
Oh, I hear you talkin' baby, we gon' set it out, we gon' work it out
Baby can you handle?

Ooh, hoo, hey, yeah, baby
I fear sometimes in my mind
That you won't wanna stay with my love, oh baby
If I can be sure inside out
That you know exactly the man that comes to see you
I'll go deep as I can giving you the rest of my love
But what if I tell you too much?
So much to explore, so much we have yet to discover
I ask myself, should I go there, should I do it?
Can I give it to you fully, can you handle it?
Can you handle it, if I go there baby with you?
We gon' lay it out, we gon' tear it up
Baby can you handle?

I can handle it, I can go there baby with you
We gon' set it out, we gon' make it out
Baby can you handle?
Can you handle it, can I go there baby with you?
We gon' set it off, we gon' tear it up
Baby can you handle?
We gon' set it out, we gon' work it out
Baby can you handle?
Can you handle it, can I go there baby with you?
We gon' set it off, we gon' tear it up
Baby can you handle?
We gon' set it out, we gon' work it out
Baby can you handle?
