The Shock Of The Lightning

Oasis

I'm all over my heart's desire
I feel cold but I'm back in the fire
Out of control but I'm tied up tight
Come in, come out tonight
I'm coming up in the early morning
I feel love in the shock of the lightning
I fall into the binding light
Come in, come out, come in, come out tonight
Love is a time machine
Up on the silver screen
It's all in my mind
Love is a litany
A magical mystery
And all in good time
And all in good time
And all in good time
I got my feet on the street but I can't stop flying
My head's in the clouds but at least I'm trying
I'm outta control but I'm tied up tight
Come in, come out tonight

There's a hole in the ground into which I'm falling
So godspeed to the sound of the pounding
I'm all into the blinding light
Come in, come out, come in, come out tonight
Love is a time machine
Up on the silver screen
It's all in my mind
Love is a litany
A magical mystery
And all in good time
And all in good time
And all in good time
It's all in my mind
Love is a time machine
Up on the silver screen
All in good time
And all in good time
And all in good time
