

# Running Water

## Daniel Johnston

Time hurries on, look and it's gone

The changing of the autumn tide

The hopes that live, the dreams that die

If I could have you by my side, I'd give it all away

You, you and I, we must hold on, we must try

To reach beyond that far off cloud

Along the road we're travellin' now

If I could only show you how, I need you there with me

Oh, running water, don't care what people say

We live to love another day

Oh, running water, don't throw your love away

We live to love another day

Time hurries on, turn around and it's gone

If only we could hold that dream

If only life was what it seemed

I know my darling what you mean, I've seen it slip away

Oh, running water, don't care what people say

We live to love another day

Oh, running water, don't throw your love away

We live to love another day
