

Wide Awake (Chris Howland Remix)

[Joel Vaughn](#)

(Verse 1)

Can't fix a bullet with a bandaid
You can try to hide it but your heart's still bleeding out
Now your voice is screaming on the inside
But the Universe doesn't hear a sound
When everything comes crashing we come alive(Chorus)
I can see, I'm wide awake
There's a fire in my heart I can't put out
Now it's breaking through the day
Your love invades me inside out
Nothing else could separate
(and when my heart stops)
I don't have to fear my world is crashing down
I know your love will stay the same
No height or depth could bring me down(Verse 2)
Don't you know the truth about who you are
you don't have to buy the lies that keep you breaking down
you were never meant to be a savior
let it set you free as your walls come down
When everything comes crashing we come alive(Bridge)
We can't stop the night, hold on to the light
