Boom Boom

SCHMIDT

Saw you in the crowd
The music was loud yeah
You looked me in the eyes
And something inside wentOh what beautiful night
You set something off inside
Just like a stick of dynamiteYou sang in my ear
But all I could hear was
You kissed me on the lips
So hot and my hips went
The devil in me is gonna
Raise your heartbeat yeah
If you wanna striptease you
You gotta get on your knees andBoom BoomOh what a dirty night
You set something off inside
Just like a stick of dynamiteMy heart is pumping like a gun
There's only one thing to be done
Let's find a place where we can hide
Before the night has been and diedMy heart is pumping like a gun
There's only one thing to be done
Let's find a place where we can hide
Before the night has been and diedYou better watch out
'Cos you know what I'm about yeah
Do you wanna go
Where I think you wanna go now?My daddy has a gun
So you better be careful
Treat the girl right
Or you know it could be fatalMy heart is pumping like a gun
There's only one thing to be done
Let's find a place where we can hide
Before the night has been and died
