

# Ground Hog Blues

[John Lee Hooker](#)

Now I'm a walkin' groundhog, mama, and I walks around in my den  
Now I'm a walkin' groundhog, mama, and I walks around in my den  
Now if I come out and see my shadow, John, I believe I'll go back in  
Now I want some feedin', mama, so I can  
hear a high sound  
If you don't feed me, baby, I believe I'll go back in the ground  
Because I'm that walkin' groundhog, mama, and I walks around in my den  
Now if I come out and see my shadow, you say you don't love me  
I believe I'll go back in  
Now I wanna hear some swingin' music--I wanna hear a Fats Waller song  
Now if I start to jitter-buggin', I'm forgettin' my hole down in the ground  
Because I'm that walkin' groundhog, man, and I walks around in my den  
Now if I come out and see my shadow, my woman don't love me  
I believe I'll go back in  
Yes, John, you know what I mean  
Oh, you know I'm a-walkin' wild
