

Sunshine On a Rainy Day

Emma Bunton

Yeah, yeah
Ooh, ooh, ooh I see you in the darkness
I see you in the light
I see your eyes shining
In through the night Make me feel, make me feel
Like I belong
Don't relieve me, you won't leave me here
All alone Cast your eyes
Like summer skies
Through earth and the ocean
Clearer than the skies, yeah Sunshine on a rainy day
Makes my soul, makes my soul drip, drip, drip away
Sunshine on a rainy day
Makes my soul, makes my soul drip, drip, drip away You touch me with your spirit
You touch me with your heart
You touch me in the darkness
I feel it start Make it feel, make it feel
So unreal, so unreal
Like a wind in the desert
Like a moon on the sea Sunshine on a rainy day
Makes my soul, makes my soul drip, drip, drip away
Sunshine on a rainy day
Makes my soul, makes my soul drip, drip, drip away Sunshine on a rainy day
Makes my soul, makes my soul drip, drip, drip away
Sunshine on a rainy day
Makes my soul, makes my soul drip, drip, drip away Make it feel, make it feel
So unreal, so unreal
Like a wind in the desert
Like a moon on the sea, yeah Sunshine on a rainy day
Makes my soul, makes my soul drip, drip, drip away
Sunshine on a rainy day
Makes my soul, makes my soul drip, drip, drip away Sunshine on a rainy day
Makes my soul, makes my soul drip, drip, drip away
Sunshine on a rainy day
Makes my soul, makes my soul drip, drip, drip away Sunshine on a rainy day
Makes my soul, makes my soul drip, drip, drip away
Sunshine on a rainy day
Makes my soul, makes my soul drip, drip, drip away
