

3AM

OnCue

[Intro]

Yeah, ay

I don't want nobody but you (Ooh)

Don't want your friends

It's too hot there you need to come through

Yeah[Verse 1]

Yeah I go in, yeah I go in

When I'm down with my homies and you know it

Yeah we pour it

But I saw you from across the room

You was eye-fuckin' me and I was eye-fuckin' you

They said I'm next up, that I'm ready to snatch up all the check, huh

That I never gave up, never let huh

Baby you can see that I'm fuckin' right now

That I get what I want no pressure

Just sayin' this shit to impress ya

Just runnin' my lips to undress ya

Grabbin' multiple condoms at the dresser
