

He Talks to Me

[Lorrie Morgan](#)

He may not ever be a ladies man
Maybe his calloused hands have been too long in the sun
But he will always be the one I love
'Cause he still does what no one's ever done And it means more to me than he will ever know
'Cause words could never say
How much I love the way He talks to me, it does my heart good
To hear him talk to me the way a lover should
He can ease my frustration with his soothing conversation
And I love the way he's not afraid to talk to me Now you can talk about the finer things
Big cars and diamond rings that light up your life
But let me tell you that the finest thing
Is the joy he brings when we turn out the lights And in those moments after we make love
That's when he holds me close
Gives me what I need the most He talks to me, it does my heart good
To hear him talk to me the way a lover should
He can ease my frustration with his soothing conversation
And I love the way he's not afraid to talk to me
Oh, I love the way he's not afraid to talk to me
